

## Lickhill Primary School's Local SEND Offer

**At Lickhill, we are committed, through our seven secrets to success, to ensure that every child can:**

- **Be Proud**, celebrate success; experience a range of successes and develop a positive sense of self
- **Be Ambitious**, aspire to greatness, be the best they can be
- **Be a Risk Taker**, challenge yourself
- **Be Innovative**, find a creative solution
- **Be Strong**, inside and out
- **Be Focused**, work hard, show resilience,
- **Be a Team Player**, respect, co-operate and share

Supporting all our pupils to be successful, confident individuals; responsible, effective contributors.

Children come to our school to be happy and successful. At Lickhill we strive to develop confident, self-assured, positive young people who love to learn, to contribute and to achieve

**regardless of their gender, ethnicity, social background, religion, physical ability or educational needs.**

This document outlines the ways in which we ensure that we support all of our pupils, including those with SEND, in order that they can achieve and thrive. It does not detail every skill, resource and technique that is employed, as these are constantly modified to meet the changing individual requirements of our pupils.

### Range of Provision

**Class teacher input via excellent targeted classroom teaching also known as 'Quality First Teaching'.**

For your child this would mean:

- That the teacher has the highest possible expectations for your child and all pupils in their class.
- That all teaching is based on building on what your child already knows, can do and can understand.
- Different ways of teaching are in place so that your child is fully involved in learning in class. This may involve things like using more practical learning.
- Specific strategies (which may be suggested by the SENCo or outside staff) are in place to support your child to learn.
- Your child's teacher will have carefully checked on your child's progress and will have decided that your child has a gap in their understanding/learning and needs some extra support to help them make the best possible progress.

All children in school should be getting this as a part of excellent classroom practice. Some children however will need additional support to meet the targets set in each year group.

### **Specific group work with in a smaller group of children.**

This group, often called Intervention groups by schools, may be

- Run in the classroom or outside.
- Run by a teacher or a Teaching assistant who has had training to run these groups.

These children will have been identified by the class teacher as needing some extra support in school. They will have planned 6 to 10 week interventions, which aim to plug the gaps in their learning so that they can catch up with their peers.

For your child this would mean:

- He/ She will engage in group sessions with specific targets to help him/her to make more progress.
- A Teaching Assistant/teacher or outside professional (like a Speech and Language Therapist) will run these small group sessions using the teacher's plan

This type of support is available for any child who has specific gaps in their understanding of a subject/area of learning.

### **Additional Support Requirement**

If progress is not seen after such group interventions have been fully assessed, then further investigation, assessment or individual work needs to be put into place and planned. This may include advice and support from outside agencies, such as Speech and Language therapy, Educational Psychologist, Occupational Therapy groups, or Learning Support teams.

*Stage of SEN Code of Practice: This will result on them being placed on the SEND register, which means they have been identified by the class teacher, SENCo or headteacher as needing some extra specialist support in school from a professional outside the school. This may be from:*

- Local Authority central services such as the ASD Outreach Team or Sensory Service (for students with a hearing or visual need)
- Outside agencies such as the Speech and Language therapy (SALT) Service.

For your child this would mean:

- Your child will have been identified by the class teacher/SENCo (or you will have raised your worries) as needing more specialist input instead of or in addition to quality first teaching and intervention groups.
- You will be asked to come to a meeting each term to discuss your child's progress and help plan possible ways forward.
- You may be asked to give your permission for the school to refer your child to a specialist professional e.g. a Speech and Language Therapist or Educational Psychologist. This will help the school and yourself understand your child's particular needs better and be able to support them better in school.
- The specialist professional will work with your child to understand their needs and make recommendations, which may include:
  - Making changes to the way your child is supported in class e.g. some individual support or changing some aspects of teaching to support them better
  - Support to set better targets which will include their specific expertise

- A group run by school staff under the guidance of the outside professional e.g. a social skills group
- A group or individual work with outside professional

The school may suggest that your child needs some degree of individual support in school. They will tell you how the support will be used and what strategies will be put in place.

This type of support is available for children with specific barriers to learning that cannot be overcome through Quality First Teaching and intervention groups.

### **Specified Individual support**

for your child of more than 20 hours in school.

This is usually provided via a Statement of Special Educational Needs or an Education, Health and Care Plan (EHCP). This means your child will have been identified by the class teacher/SENCo as needing a particularly high level of individual or small group teaching (more than 20 hours a week), which cannot be provided from the budget available to the school.

Usually your child will also need specialist support in school from a professional outside the school. This may be from:

- Local Authority central services such as the Sensory Service (for students with a hearing or visual need)
- Outside agencies such as the Speech and Language therapy (SALT) Service.

For your child this would mean:

- The school (or you) can request that the Local Authority carry out a statutory assessment of your child's needs. This is a legal process, which sets out the amount of support that will be provided for your child.
- After the school have sent in the request to the Local Authority (with a lot of information about your child, including some from you), they will decide whether they think your child's needs (as described in the paperwork provided), seem complex enough to need a statutory assessment. If this is the case they will ask you and all professionals involved with your child to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue with the support on the SEND register, with resources which are ordinarily available to school.
- After the reports have all been sent in the Local Authority will decide if your child's needs are severe, complex and lifelong and that they need more than 20 hours of support in school to make good progress. If this is the case they will write a Statement of Special Educational Needs or an EHC Plan. If this is not the case, they will ask the school to continue with the support which is ordinarily available and also set up a meeting in school to ensure a plan is in place to ensure your child makes as much progress as possible.
- The Statement or EHC Plan will outline the number of hours or equivalent funding to support your child's needs and a plan will be received from the LA, how the support should be used and what strategies must be put in place. It will also have long and short term goals for your child.

- The additional funding may buy resources to support the EHC Plan, or employ an additional adult to support your child with whole class learning, run individual programmes or run small groups including your child.

This type of support is available for children whose learning needs are:

- Severe, complex and lifelong
- Need more than 20 hours of support in school

### **Responsibility for Provision**

#### **Special Educational Needs Coordinator**

Responsible for:

- Coordinating all the support for children with special educational needs or disabilities (SEND) and developing the school's SEND Policy to make sure all children get a consistent, high quality response to meeting their needs in school.
- Ensuring that you are:
  - involved in supporting your child's learning
  - kept informed about the support your child is getting
  - involved in reviewing how they are doing
- Liaising with all the other people who may be coming into school to help support your child's learning e.g. Speech and Language Therapy, Educational Psychology etc...
- Updating the school's SEND register (a system for ensuring all the SEND needs of pupils in this school are known) and making sure that there are excellent records of your child's progress and needs.
- Providing specialist support for teachers and support staff in the school so they can help children with SEND in the school achieve the best progress possible.

#### **Class/subject teacher**

Responsible for:

- Checking on the progress of your child and identifying, planning and delivering any additional help your child may need (this could be things like targeted work, additional support) and letting the SENCo know as necessary.
- Writing Individual Education Plans (IEP), and sharing and reviewing these with parents at least once each term and planning for the next term.
- Ensuring that all staff working with your child in school are helped to deliver the planned work/programme for your child, so they can achieve the best possible progress. This may involve the use of additional adults, outside specialist help and specially planned work and resources.
- Ensuring that the school's SEND Policy is followed in their classroom and for all the pupils they teach with any SEND.

## **Headteacher**

Responsible for:

- The day to day management of all aspects of the school, this includes the support for children with SEND.
- She will give responsibility to the SENCo and class teachers but is still responsible for ensuring that your child's needs are met.
- She must make sure that the Governing Body is kept up to date about any issues in the school relating to SEND.

## **SEN Governor**

Responsible for:

- Making sure that the necessary support is made for any child who attends the school who has SEND.

## Communication

- If you have concerns about your child's progress you should speak to your child's class teacher initially.
- If you are not happy that the concerns are being managed and that your child is still not making progress you should speak to SENCo or Headteacher
- If you are still not happy you can speak to the school SEND Governor.

If your child is then identified as not making progress the school will set up a meeting to discuss this with you in more detail and to:

- listen to any concerns you may have too
- plan any additional support your child may receive
- discuss with you any referrals to outside professionals to support your child's learning

## **How extra support is allocated**

- The school budget, received from central government, includes money for supporting children with SEND.
- The Head Teacher decides on the budget for Special Educational Needs and Disabilities in consultation with the school governors, on the basis of needs in the school.
- The Head Teacher and the SENCo discuss all the information they have about SEND in the school, including:
  - the children getting extra support already
  - the children needing extra support
  - the children who have been identified as not making as much progress as would be expected and decide what resources/training and support is needed.
- All resources/training and support are reviewed regularly and changes made as needed.

## **Agencies and individuals that provide support for pupils at Lickhill**

Directly funded by the school:

- One SENCo
- One additional Teaching Assistant for SEND
- Educational Psychologist
- Learning Support Worker

Paid for centrally by the government or local authority but delivered in school:

- Sensory Service for children with visual or hearing needs
- Speech and Language Therapy (provided by Health but paid for by the Local Authority).
- Disability Outreach Service

Provided and paid for by the Health Service but delivered in school:

- School Nurse
- Occupational Therapy
- Physiotherapy

## **How teachers are supported to work with children with SEND**

- The SENCo's job is to support the class teacher in planning for children with SEND.
- The school has a training plan for all staff to improve the teaching and learning of children including those with SEND. This includes whole school training on SEND issues such as SPLD and Speech and language difficulties.
- Individual teachers and support staff attend training courses run by outside agencies that are relevant to the needs of specific children in their class e.g. from the Learning Support Team.

## **How progress is measured**

- Your child's progress is continually monitored by his/her class teacher.
- His/her progress is reviewed formally every term in reading, writing, numeracy and assessed in line with their year group objectives.
- At the end of each key stage (i.e. at the end of year 2 and year 6) all children are required to be formally assessed using Standard Assessment Tests (SATs). This is something the government requires all schools to do and are the results that are published nationally.
- Children on the SEN register will have an IEP which will be reviewed with your involvement, every term and the plan for the next term made.
- The progress of children with a statement of SEND/ EHC Plan is formally reviewed at an Annual Review with all adults involved with the child's education.
- The SENCo will also check that your child is making good progress within any individual work and in any group that they take part in.

### **Support for parents**

- The class teacher is regularly available to discuss your child's progress or any concerns you may have and to share information about what is working well at home and school so similar strategies can be used.
- The SENCo is available to meet with you to discuss your child's progress or any concerns/worries you may have.
- All information from outside professionals will be discussed with you with the person involved directly, or where this is not possible, in a report.
- IEP's will be reviewed with your involvement each term.
- Homework will be adjusted as needed to your child's individual needs.
- A home/school contact book may be used to support communication with you, when this has been agreed to be useful for you and your child.

### **Accessibility at Lickhill Primary School**

- The building is accessible to children with physical disability via ramps. All areas of the school is fully accessible to children with disabilities.
- We ensure that equipment used is accessible to all children regardless of their needs.
- After school provision is accessible to all children including those with SEND.
- Extra curricular activities are accessible for children with SEND.

### **Pupils moving to other schools**

We recognise that transitions can be difficult for a child with SEND and take steps to ensure that any transition is as smooth as possible.

- If your child is moving to another school:
  - We will contact the school SENCo and ensure he/she knows about any special arrangements or support that need to be made for your child.
  - We will make sure that all records about your child are passed on as soon as possible.
- When moving classes in school:
  - Information will be passed on to the new class teacher IN ADVANCE and in most cases, a planning meeting will take place with the new teacher. All IEP will be shared with the new teacher.
  - If your child would be helped by a book to support them understand moving on then it will be made for them.
- In Year 6:
  - The SENCo will discuss the specific needs of your child with the SENCo of their secondary school, and the specialist session for more vulnerable students as appropriate.
  - Your child will do focused learning about aspects of transition to support their understanding of the changes ahead.
  - Where possible your child will visit their new school on several occasions and in some cases staff from the new school will visit your child in this school.
