Barriers to future attainment (for pupils eligible for PP including high ability)

In school barriers

A.	Attainment gap is closing more quickly in early years and KS1 against age related expectation, but still not quickly enough in KS2 in all areas. This is combined with high levels of additional SEND in KS2 which hinders progress due to their individual learning barriers.
B.	Oral language skills in Reception are lower for pupils eligible for PP than other pupils. This slows reading progress in subsequent years.
C.	High proportion of pupils eligible for PP have irregular reading habits and fixed mind-sets. This slows progress down year on year due to low aspirations.
D.	More able pupils eligible for PP generally need deeper, more powerful vocabulary.

External barriers

E.	Proportion of pupils eligible for PP are also GRT pupils who have recently developed closer cultural links and travelling more frequently. This effects total attendance, reducing school hours and causes them to fall behind on average.

Objectives of spending PPG:

Additional to the key principles Lickhill Primary School;

- Aim for all pupils to make good progress through EYFS and KS1, achieving national expectations by the end of KS1 and close the attainment gap of eligible pupils and their peers.
- For all KS2 pupils to make at least 3 steps progress each year
- Aim to ensure floor standards at the end of KS2 are achieved.
- Attendance target is achieved for disadvantaged pupils – 96%
- Gap between PP and non PP pupils closes across all year groups.
- More able PP children achieve to a higher mastery level of attainment.
